Education

DR.D.Y Patil Institute Of Technology, B.E. in Electronics & Telecommunication Engineering — Nov 2022 - June 2026

- GPA: 8.57

Skills

Languages:	Java, Python
Frontend:	HTML, CSS
Backend:	Spring Boot, REST APIs, Spring Security
Database:	MySQL
Tools:	GitHub
Concepts:	Object-Oriented Programming (OOP), Low-Level Design (LLD), Data Structures, Algorithms
Soft Skills:	Communication, Time Management

Languages

English, Marathi, Hindi

Projects

Smart AI-Based Email Assistant (Backend Project) — October 2025

- Developed a Spring Boot REST API that generates email replies based on user input and selected tone.
- Integrated Gemini AI API using WebClient and handled request–response processing.
- Organized the codebase using controller and service layers for better readability and maintenance.
- Tech Stack: Java, Spring Boot, WebClient, REST APIs, Lombok
- GitHub: https://github.com/ash15-pro/email-writer-sb1

Online Job Portal (Backend Project) — Jan 2025

- Developed REST APIs for job posting features including create, update, view, and delete operations.
- Implemented user registration and login with encrypted passwords using Spring Security and BCrypt.
- Stored and managed job and user data in MySQL using Spring Data JPA.
- Tech Stack: Java, Spring Boot, Spring Data JPA, Spring Security, MySQL, REST APIs, Lombok
- GitHub: https://github.com/ash15-pro/jbportal

Portfolio Website (Frontend Project) — Jan 2025

- Created a responsive personal portfolio website to showcase projects and technical skills.
- Added project sections with GitHub and LinkedIn links for easy access.
- Designed a simple, clean layout using HTML, CSS, and basic JavaScript.
- Tech Stack: HTML, CSS, JavaScript, Responsive Design
- GitHub: https://github.com/ash15-pro/portfolio
- Live Website: https://ash15-pro.github.io/portfolio/

Certifications

- Java Full Stack Certification – Wipro (Java, OOPs, Spring Boot)
- Certification Link: https://drive.google.com/file/d/1RtdfWT5rBPGkHnQ03YYjAVYPxfoLKiln/view?usp=sharing

DSA & Problem Solving

- Solved 300+ problems on LeetCode while practicing data structures and algorithms.
- Regular practice helped improve logical thinking and approach to interview-style problems.
- Gained confidence in writing clean and optimized solutions.
