Education

DR.D.Y Patil Institute Of Technology, B.E. in Electronics & Telecommunication Engineering   Nov 2022 - June 2026
- GPA: 8.57

Skills

Languages:	Java, Python(Basic)
Frontend:	HTML, CSS
Backend:	Spring Boot, REST APIs, Spring Security
Database:	MySQL
Tools:	GitHub, Docker
Concepts:	Object-Oriented Programming (OOP), Low-Level Design (LLD), Data Structures, Algorithms
Soft Skills:	Communication, Time Management

Languages

English, Marathi, Hindi

Projects

Smart AI-Based Email Assistant (Backend Project)   October 2025
- Built a Spring Boot API that generates professional email replies based on user input and tone.
- Integrated Gemini AI API using WebClient and handled JSON request-response processing.
- Structured the application with clean controller and service layers for easy maintenance.
- Tech Stack: Java, Spring Boot, WebClient, REST APIs, Lombok
- GitHub: (View Project)

Online Job Portal (Backend Project)   Jan 2025
- Developed REST APIs for job posting management including create, update, view, and delete operations.
- Implemented user registration and login with encrypted passwords using Spring Security and BCrypt.
- Persisted job and user data in MySQL using JPA with environment-based configuration.
- Tech Stack: Java, Spring Boot, Spring Data JPA, Spring Security, MySQL, REST APIs, Lombok
- GitHub: (View Project)

Portfolio Website (Frontend Project)   October 2025
- Built a responsive personal portfolio to showcase backend projects and technical skills.
- Implemented simple navigation and project sections with GitHub and LinkedIn links.
- Designed a clean, mobile-friendly UI using modern CSS layout techniques.
- Tech Stack: HTML, CSS, JavaScript, Responsive Design
- GitHub: (View Project)

Certifications

- Java Full Stack Certification – Wipro (View Certificate)

DSA & Problem Solving

- Solved 300+ problems on LeetCode to strengthen problem-solving and coding skills.
- Actively developing problem-solving proficiency through CodeChef practice.
- Focused on improving coding logic, efficiency, and ability to tackle interview-style problems.
- Regular practice ensures familiarity with common patterns and optimized solutions for technical interviews.
